MONEY NEEDED FOR THE COMING YEAR

July 1, 1927, to June 30, 1928

Under article 5 of the warrant we recommend that the district raise, for the coming year, a tax of \$5 on each \$1,000 of equalized valuation, for the support of elementary schools including textbooks, scholars' supplies and flags. (This includes the amount required by law).

Under article 6:

Salaries of officers	\$150.00	
Other expenses of administration	450.00	
	<hr/>	\$600.00

Under article 7:

For repairs and alterations of school buildings	\$500.00
-------------------------------------------------	----------

Required by law:

For high school and academy tuition	\$2,400.00	
For the per capita tax	356.00	
	<hr/>	\$2,756.00

REPORT OF SCHOOL BOARD

To the Citizens of the Town:

The past year has been an eventful one for the School Board and the Schools. Early in May was held the Annual Meeting of the Supervisory Union at Penacook. This meeting was held two different days before a vote was finally obtained to increase Loudon's share of the Superintendent's salary, and to decrease the shares paid by all the other towns in the Union, except Penacook's share. Your

Board voted against this measure, and also against increasing the Superintendent's salary. Below is given the table as presented at this meeting, showing the old and new apportionment.

	Present Apportionment	Apportionment by No. Teachers	Suggested by State
Boscawen	\$240	\$164.10	\$171.83
Canterbury	240	205.14	220.37
Loudon	240	328.20	296.96
Penacook	640	779.48	749.43
Salisbury	240	123.08	161.41
	<hr/> \$1,600	<hr/> \$1,600.00	<hr/> \$1,600.00

This allotment caused Loudon to pay \$335.31. This left nothing for a Clerk's salary as the Town voted only \$400 for administration purposes.

July 7, Supt. Sumner notified the Board that since he was not to have the services of a Clerk, his office was to be discontinued and a supply room must be arranged at Loudon. We were very fortunate in obtaining a room at Loudon Village which is remarkably well situated, and we believe, in the future, it will be well to keep Loudon's books and supplies here in town, since the room has been fitted up for that.

Superintendent Sumner having told the Board in July that unless they complied more with the State Board's requirements in the matter of repairs the State Aid for this year might be cut off. Since this sum was \$2,473.56, and the Board felt the great need of this money, it was decided to ask Deputy Commissioner Pringle to visit your school-houses at once, that we might have instruction. Commissioner Pringle kindly consented to do this at an early date.

Mr. Pringle, your Superintendent, and a member of the Board visited each building in Town. The result was, that Mr. Pringle agreed if the Pearl was altered, and the work completed on other school buildings as fast as possible, that no school building in Loudon was to be actually condemned. Had one been, you would have been obliged to build one entirely new building, if not two, since this matter was in the hands of the State Board.

From the State Board came more evidence of their willingness to help you. A check for \$486.53 was sent as an extra check, since the Budget for 1924 and 1925 entire met with the approval of the State Board. The oldest member of the Board does not remember that this has ever been done before. Of course this was a great help and as there was freedom allowed in spending this money, your Board felt the money should be applied to the repair work of the school-houses. This was done, and the extra work done includes painting the Pearl on the outside, and some new black-boards for the Village, Pearl, and Brown schools.

During the last six years, three of your teachers have received offers to teach in city schools in New Hampshire and Massachusetts. These positions have carried salaries from \$1,000 to \$1,400, and your Board have felt it was only just recognition of the good work these teachers have done in the schools here to allow them to go to higher positions. You have only to visit your schools to realize the pleasing appearance of the school-rooms, the interest pupils take in their work, and the efficiency of the teachers now employed in your schools.

To the State Board of Education, whose efficient head has now become the Governor of our State, you and your School Board owe much. Not only has the State Board helped materially in the financial part, but with advice

and service they have assisted your Board over more than one hard and complex problem in the management of your schools.

To your Superintendent the Board also owes much, much more than the money side of the work. These things are days' works not paid for which your Superintendent has given. The present Board has worked in unusual harmony and have certainly pulled together in what has often been a long pull and a hard pull.

To the people of Loudon, both men and women, who have by their advice and help, and by their willingness, time and time again, to leave their own work and work on the school-buildings, so the schools might open at the regular time, your School Board is deeply indebted. This class of people have represented the real people of the Town. In many instances, it was the heaviest taxpayers who have greatly assisted the School Board.

Acknowledging our indebtedness to all who have helped in any way to place the schools of Loudon where they are today, we respectfully submit this report.
